DETAILED ACTION

Allowable Subject Matter

- 1.1 The following is an examiner's statement of reasons for allowance:
Claims 1-11 are allowed for the following reason/s:
The instant application is deemed to be directed towards a non-obvious improvement over the invention patented in U.S. Patent No. 6,097,487 to Kringlebotn and Non-Patent Literature publication titled "Interrogation of Fiber Grating Sensor arrays with a Wavelength-Swept Fiber Laser" by Yun et al..
- 1.2 Claim 1 is allowed because the prior art of record, taken alone or in combination, fails to disclose or render obvious a fiber Bragg grating system wherein a laser wavelength control feedback unit supplies AC voltage to a wavelength tunable filter in order to periodically change the output wavelength of the tunable filter and for receiving data of the wavelengths in each time period of the wavelength tunable filter from the signal processing unit and for applying DC voltage to the wavelength tunable filter in order that the wavelengths in each time period of the wavelength tunable filter are regularly repeated, wherein the DC voltage is applied in order to constantly maintain time when the absolute reference wavelength is located.
- 1.3 Claims 2-11 are dependant either directly or indirectly on claim 1 and are thus also allowable.
- 1.4 Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
- 1.5 Any inquiry concerning this communication or earlier communications from the examiner should be directed to Guy G. Anderson whose telephone number is 571.272.8045. The examiner can normally be reached on Tuesday-Saturday 0900-2200.
- 1.6 If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Frank Font can be reached on 571.272.2415. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
